Fro: Generating Revenue Through use of an interactive computer system

Dear Miss Day,

This is a letter outlining the correspondence I have had with the patent and trademark office over the past year.

Early November Linda Hallman of the patent and trademark office contacted me regarding my patent application and a possible abandonment issue. She had stated that a letter was sent out requesting changes to my patent application of which were never responded to. I then explained to her that I had a change of address and never received the letter. She asked me to fax in a letter of change of address and correct the application and stated to me that my application would move forward.

11/13/02 - A letter was faxed to her requesting a change of address.

11/22/02 - William Guthlein forwarded on my behalf the changes pertaining to the Notice of Abstracts and Drawings.

I sincerely hope that I can move forward with my patent application and look forward on your decision.

Sincerely,

Quinn Lipin
